Rob Scallon (back); Andrew Huang (right).

Every year since 2018 Andrew Huang and Rob Scallon record a brand-new album on October 1st.

They write, perform and record all songs in a single day - 12 hours to be precise.

In 2018, the band made their album in 10 hours. They booked a 10 hour session on Uptown Recording, with producer and sound engineer Rob Ruccia. He was informed about the project during the first minutes of the session. Rob Ruccia produced all (6) First of October albums to date.
